- DSC Staff Member of the Week/Month

Nominations?

Joe from Lion’s Den and Eve

- Comments from students:
 - Can we please have warm chicken at the salad bar in Lion's Den?
 - We recently added a sneeze guard so we will have warm chicken available at the salad bar.
 - The other day's "Curry Lentil" soup was great--I'd love to see that and other vegan options more often.
 - Please have tots everyday!
 - I think that they need to label the different kinds of calzones in tdubs so that the staff can't tell my vegetarian friends that a pepperoni calzone is just cheese.
 - We apologize for this mistake, and we appreciate your feedback. We will be hanging signage to more easily distinguish the various calzones available.
 - I wish there were more fruits to pick from here, like berries! I love berries!!
 - We just opened a small farmer's market in the C-store which offers a variety of fruits and vegetables. We will look into bringing in some berries.
 - Can we have Boston cream pie please?
 - Thank you for your feedback! We will talk to our chefs about adding this to the menu.
 - Please bring back your delicious Boston cream pie!
 - The food is great but a lot of it is too salty.
 - Thank you for your feedback, we will talk to our chefs about this issue and adjust accordingly.
 - The sandwich of the week at the lion's den this week (crispy chicken with frizzled onion) is very good and I would love for it to be available more often
 - Thank you for your feedback! We will talk to our chefs about adding this to the menu.
 - When I went to get dinner at quimby's the server gave the male in front of me two manicottis and one schnitzel. When I went up, she gave me one manicotti and one schnitzel. I asked for two manicottis but the server said I could only have one. If this had been an issue of only giving one manicotti to everyone, this would be ok. But clearly, this is gender discrimination. Why should guys get more food than girls? Who is to say I'm not more active and need more calories than the next guy in line? Please treat genders equal. It is my decision what I should choose to eat.
 - We will speak with our staff members, if a student requests additional servings we should be able to accommodate them. We will make sure this message is understood by all staff members.

- Please inform all employees about serving whole wheat pasta every day.
 - There should be a whole wheat pasta sign posted by veggie loop, which is available upon request. We will make sure all staff member know about the whole wheat pasta availability at all times.
- Is there any way to get a food item's ingredient list along with the already provided nutritional information?
 - We can look into displaying this on menu ids; however the nutritional information is available on the online menu, which can be accessible in Eickhoff through one of the two computers. If a student request of list of ingredients a manager can look up the specific menu from the computer system.

Open Forum:

- Can we have more steamed veggies?
 - Steamed vegetables are always available upon request to be steamed at the wok,
- At the salad bar, the utensils for the bacon are also being used for vegetables. This is a concern for students with a pork aversion or religious beliefs.
 - We will make the staff aware of this mistake and be sure to give bacon separate utensils from the utensils used for vegetables.
