- o Comments from students:

- I am a vegan and I have noticed many instances in which food is improperly labeled (it says it is vegan, but then I look at the ingredients and it says contains milk or eggs) or contains no label at all. This makes it very difficult for me to find food that fits my diet restrictions
  - We have reached out to this student concerning this issue to address the situation.
- Why can't kids take milk? It's shameful.
  - You are allowed to take milk out in a to go cup, we will follow up with this student to understand the specifics.
- I love getting sushi at Eickhoff. The rice on the California rolls has been a little overcooked lately. Can you look into this?
  - We have addressed this issue with our Chef and our employees. We will be changing the cook time of our rice.
- There have been flies next to the Pepsi soda machine opposite the pizza station for weeks. What steps is Sodexo taking to correct this? When will this be resolved?
  - We are working with EcoLab to make sure we have all the correct products to stop and avoid any further issues.

## Open Forum:

- The Wok should not change their food during theme meals.
  - We try not to change Roscoe's station during theme meals; however, we will look into keeping the Wok food during theme meals as well. We appreciate your feedback!
- Bring Ginger Ale in Eickhoff
  - We will look into adding ginger ale to at least one soda machine in Eickhoff. We will try to rotate soda options as well.
- My friend lost his student ID and he could not swipe into Eickhoff. Is there an alternative way to look up a student's information in such cases?
  - We will work with residential education and housing to adapt a way we can use a student's ID number to "swipe" into Eickhoff.
- Whole Wheat Pasta is available every day, however during the last theme meal, an employee at the pasta station did not know we were serving whole wheat pasta.
  - We will work harder to communicate to all employees that we do serve whole wheat pasta every day, even on theme nights. We appreciate your feedback!
