Nominations?
Sequoia from Ed Café
- **Next DSC Meeting March 23rd !**

- **Updates:**

- The Atrium at Eickhoff is now serving Blueberry Syrup!
- We will be adding Golden Grahams to the rotation of cereals
- Avocados are available in the C-Store and Bamboo Garden
- There is a rotation schedule for the Wok to be open on the weekends
- Fresh Pride Café offers delicious smoothies every day!
- Unfortunately the temperature in Eickhoff cannot be controlled by dining services

- **Comments from students:**

- My friends and I LOVED when there was pineapple & watermelon at the fruit bar. Bring it back!
 - Pineapple and watermelon are available at the bakery case.
- Is it possible to donate meal points or items purchased with meal points at the end of the year?
 - We will look into bringing in bulk items for students to purchase and then donate at the end of the year.

Open Forum:

- Will it be possible to get nutritional information for Traditions menu items?
 - We will work with our Registered Dietitian Aliz Holzmann to have nutritionals available by April 1st. All servers have information on all allergens and aversions.

- The flow at Roscoe's Tacos has changed and it is interfering with the Wok. Can we post a sign at the station and on social media? Would it be possible to switch the hot and cold wells at this station?
 - We will work more diligently to communicate these changes with the community, on social media as well as at the station. Unfortunately at this time we are not able to change the hot and cold wells at Roscoe's Tacos.
- Recently I have been experiencing trouble at Bliss Bakery, when trying to get a dessert from inside the dessert case; there are no workers available.
 - We will communicate this issue with our staff, additionally please feel free to let a supervisor or manager know and they can get a dessert from the case for you.
- The hot chocolate machine has not been working properly
 - The hot chocolate machine is new this semester; we believe the issue may be the machine is often out of stock. We will work more diligently to make sure the machine is stocked at all times.
- Can Eickhoff serve breakfast until 12pm on Wednesdays? Students don't have class on Wednesdays and most students end up missing breakfast.
 - We will look into our contractual obligations and work toward this change, the omelet station is always open as well.
- Can the fruit options change more frequently? Additionally, is there a menu or list we could have to display the healthy options for the day?
 - We will discuss these options during spring break and provide an update at the next meeting on **March 23rd**. We will try to provide more quality in-season fruit options.
