4pm-9pm – The Atrium at Eickhoff

- DSC Staff Member of the Week/Month
 - Nomination: Vickie Lee at Fresh Pride Cafe

- PointsBusters!
 - Sale details are out now for pre-order!

- Follow Up from Previous Meeting
 - Can the Venti size be offered for iced coffee in the Library Café?
 - The cups have been ordered. Operations is currently deciding pricing with the school.

- Comments from students:
 - The sandwiches at the KinetiCart have really poor quality ingredients I eat salad everyday there its getting tiring.
 - Response: They are the same Simply To Go sandwiches that are served at other locations. If a sandwich is every considered unsatisfactory or poor quality please bring it to the attention of a manager or staff member so the issue can be pointed out specifically and addressed appropriately.
 - It would be nice if they could steam the dumplings at the wok once in a while.
 - Response: This has come up before, with the volume that is produced at the Wok, frying is the preferred cooking method. If the dumplings were steamed with that high of a volume they would continuously stick to each other and become one dumpling.
 - I do not appreciate be woken up a 6am from employees yelling and slamming around tables and chairs. Please do something about the disrespectful and reckless behavior of the employees.
 - Response: We will address this with the employees setting up the dining room in the morning.
 - The chicken at the grill is sometimes way over-cooked.
 - Response: Chef will look into this and we will have some re-training.
 - We should exclusively have white buns at the grill for burgers. If someone is eating a burger, they don't really care about the health benefits of a wheat bun.
 - Response: The decision to exclusively serve whole wheat buns over white buns was a decision made by students on our Dining Services Committee. The whole wheat buns do contain more nutrients than the white buns, most notably fiber. These benefits are not negated by the fact that the consumer is eating a hamburger on the bun. It will still count toward meeting their nutritional requirements for the day
 - There should be more normal dining options during theme meals because some people may not prefer that theme.

- Response: Regular grill items, cheese and pepperoni pizza, Made-To-Order deli, Roscoe's, and the omelet station are always available during theme meals.
 - Please bring back hot sauce at TDubs. It is very hard to enjoy my quesadilla without good old Frank's red hot to accompany it.
 - There should always be Texas Pete packets at the condiment bar. Franks Red Hot is also available at the Grill
- Open-Forum
 - Restock wraps at the Deli in Eickhoff more often throughout the day.
 - Students are being charged for cups of ice or water at the Library Café.
 - They should not be charged. The staff will be spoken to about this occurrence.
 - Students are also being charged for hot water at the Lions Den.
 - If they are filling their own re-usable cups or mugs with hot water they should not be charged. If they are taking one of the Lions Den disposable coffee cups to fill with only hot water, they will be charged for the cup due to the expense of the cup.
 - An employee at the Wok told a student that he could not steam his food at this location.
 - Waiting for more details to clarify this complaint.
 - When are we getting hot sauce in Eick?
 - Franks Red Hot Sauce has been ordered. Operations is waiting for the container to arrive.
 - When there is a fire drill in Eick, commuter students have to swipe back in and use another "block" because there is no way to tell if they had previously swiped in or not.
 - Students are encouraged to always keep their receipt in case of a situation like this.
 - The grilled chicken in the Mindful Chicken Caesar Salad at the Fresh Pride Café is bland.
 - The chicken is seasoned with salt and pepper. Due to the Mindful nutritional guidelines, this is all that they can be seasoned with. We encouraged to toss the chicken in with the cheese and dressing for more flavor!
