ROARING BACK
FALL 2022 DINING
WELCOME BACK!

“New. Sleek. Innovative. High quality. Delicious. Fresh. These are just a few of things to expect from dining this fall. It is our intention to Roar back to life alongside you as students return to campus. The following is a brief overview of what to expect this fall. What’s new, what’s returning and most of what we are doing to grow the program and create an outstanding student lifestyle experience.”

**THE DINING EXPERIENCE**

This fall, our new and updated program will allow us to provide a top-tier experience to the LMU community, create exciting engagements and a one-of-a-kind LA experience.

Our services are going to be enhanced and innovative by the deployment of Grubhub as well as our brand new application for mobile ordering, Everyday. This creates the option for students to order, pay and pick up on Grubhub or order, pay and receive Kiwibot delivery in the contactless environment they have grown accustomed to. Dining on campus will be able to reach more customers than ever before.

Ultimately, it is all about creating high satisfaction with the program. To that end, everyone can still look forward to the pillars of our dining platform being stronger than ever:

- Students have great choices when they want to eat.
- Students will find diverse, authentic and trendy food options – selections they love and healthful options they need to keep excelling.
- Everything is made fresh.
- Students have the power – if they don’t see it, they just need to ask and we’ll provide it.
- They can always find someone to help. Managers are always on duty.
- We want it to be right the first time, but if it’s not, we want to know so we can fix it right away.
- We don’t just feed students – we entertain and educate them too.
- You can eat when you want, where you want and what you want

**KIWIBOT**

**THE FUTURE IS SUPER CUTE.**

This fall, students will continue to experience the newest and friendliest way to receive deliveries. Kiwibot runs every delivery with zero emissions, zero contact – and a smile. Satisfy your cravings without leaving your location. Order from Iggy’s Café or Qdoba AND our brand new offerings for delivery, The Grid at Leavey and The Grid at Del Rey. Order from anywhere you are on campus using the Everyday App. Students can now also subscribe for a discounted subscription for deliveries this fall!

**EVERYDAY APP**

**EVERYDAY NUTRITION & ROBOT DELIVERY**

Use the app to check out what’s on the menu. Everyday allows students to plan ahead, including learning the day’s specials, ingredients, nutrition information and allergens. The app has menu filters allowing students to highlight or restrict items to meet their personal nutrition preferences. Students can also use the Everyday app to order Kiwibot delivery from select dining locations on campus.

**GRUBHUB**

**GRUBHUB MOBILE ORDERING**

Feast like a Lion without the wait! Use your meal plan to order breakfast, lunch, dinner and snacks for pick up at select locations.
This is a key feature of everything we do at LMU – helping students to understand that their dining purchases make a positive impact on the local community. Dining on campus serves a greater purpose in sync with “Cura Personalis” (care of the whole person).

**Mar Vista School Lunch Program** – Your purchases contribute to providing healthy lunches all summer long to children suffering from food insecurity.

We offer many items that come from Homeboy Bakery, the largest gang rehabilitation and re-entry program in the world making a difference right here in L.A.

**Lion Food Pantry** – LMU Dining supports donations to the Lion Food Pantry to help students in need.

**Boys and Girls Clubs of Santa Monica** – Your purchases help us continue to work with the Boys and Girls Clubs to provide meals to young people in times when they can’t access a school or home meal.

**Loaves and Fishes** – LMU dining supports the efforts of Campus Ministry in helping to feed the homeless in L.A. and provide Thanksgiving and Christmas meals to the community.
LA BLVD
LA Blvd brings the bold flavors and diversity of Los Angeles street food to life right here on campus.

We have partnered with the local restaurant experts at Fooda to bring you a constantly rotating array of Pop-up dining from LA’s indie restaurants. Throughout the semester look for changing menus and cuisines that include:

- Mexican
- Burgers
- Asian and Asian-inspired fusions
- Middle Eastern
- Plant-based dishes
