WINE 4.50 130Cal.

SUSTAINABILITY

Brennan's motto is "Local, Sustainable & Organic!" Our menus are built on those core principals, changing the menu each semester to reflect seasonal availability and our community commitment.

REAL FOOD CHALLENGE

In 2012, UVM signed the Real Food Campus Commitment, pledging to purchasing 20% "Real Food" by 2020. "Real Food" is defined as food that is either local, humane, fair trade or ecologically sound. Check out our product wall to learn more about who our local and sustainable providers are!

In 2017, UVM surpassed its goal, ending the academic year at 22% and recommitting to 25% Real Food by 2020. We are proud to announce we hit that goal of 25% in 2018!

NEW ENGLAND RAISED MEATS

Our beef and pork comes from Black River Meats, a network of small family farms from New England with firm commitments to animal welfare and sustainability. Our ground beef comes from Precision Valley, and is 100% Vermont raised.

MURRAY'S CHICKEN

Most of our chicken is from Murray's, which is Certified Humane and Halal; chicken tenders are the only exception.

PRODUCE

We source our produce according to the seasons. Whether it's coming from Black River Produce, Intervale Food Hub, or UVM's own Catamount Farm you can be sure that with when it says local, it is from less than 250 miles from campus.

ECOWARE & SPORKS

Reduce waste (and save money!) by using an EcoWare reusable take-out container and Spork instead of disposable alternatives. To learn more ask your cashier today!
