Old Business

Date	Issue	Responses	Results
10/12/16	Students love the new renovations to the Food Court.	We are glad that the new renovations are well received.	We will continue to listen to the needs of our students and make changes were we can.
10/12/16	RHA conducted a survey of pros / cons of new food court: some of the concerns were: no salad bar, food being served too slow.	We will look into adding salad bar. Will work on service timing.	Will work on the speeding up the process. At this time we will not add a salad bar to Food Court because we have salad at Fresh Pride Café.
10/12/16	Students would like to have signage by Food Court stating that salad is served at Fresh Pride Café.	We will make the signage for this.	Marketing to put out signage stating that Fresh Pride Café is serving salad.
10/12/16	Students suggest making two lines at the library café, one for beverage and the other for food, that way the lines are quicker.	There are two lines currently at the Library Café.	Marketing to check with Lauren Konate to make sure this can be communicated more clearly.
10/12/16	Can we have a coffee-only station like Education Café or KinetiCart.	We serve coffee already at every station, not sure if a station just for coffee will be well received.	We will look into adding this station and get back to you.

10/12/16	Digital boards outside of Eickhoff are the most viewed by students, can you post all event flyers on those boards.	We display some of our events on these boards, but we will look into display all of the events.	Marketing will look into this.
10/12/16	Can we increase the variety of fresh fruit in Eickhoff?	Steven mentioned that fresh fruit depends on the season.	We get our fruit by seasons to ensure freshness.
10/12/16	Wait time for Traditions is too long. There are often so many employees sitting around doing nothing while we wait.	We will look into this.	We will communicate this with Traditions management and identify opportunities.

***Next DSC Meeting October 26 at 2pm in Social Sciences Building Room 230**
