National Employee Appreciation Week!

April 16th-20th, 2018

It's National Employee Appreciation Week for Minnesota State University, Mankato's Dining Services staff! Student and full-time workers were given cards for always giving the "extra" effort. The cards included thank you notes from management and a pack of Extra gum. "It's nice that they took the time do something for us and appreciate the work we do!" said Peg, a full-time employee. "It feels really good when you are appreciated for your work. It's really nice!" said Pratishta, a student employee. National Employee Appreciation Day signs were also posted at the different dining services locations. We are proud of all our employees and appreciate their hard work! Thank you employees!
