

# SUNY NEW PALTZ DINING SERVICES

**August 2021**

## **An important statement regarding dining services operations**

SUNY New Paltz Dining Services aims to provide the highest quality service and cuisine to New Paltz students, faculty and staff. At this time, there is a nationwide labor and supply chain shortage which may cause outages of some of our food and beverage items, modified service hours, reduced staffing, and construction delays.

As a result, the anticipated opening of the new retail dining location in the Student Union Building, World of Wings (“WOW”), has been delayed. We’re excited for the future grand opening of WOW which will introduce New Orleans flavor-infused quesadillas, chicken wings, chicken tenders, hamburgers, and entrees. **Stay tuned to [NewPaltzDining.com](http://NewPaltzDining.com) or [@HungryHawks](https://www.instagram.com/HungryHawks) on Instagram for grand opening updates.**

Our main objective is to limit the impact that these shortages have on the student dining experience to the best of our ability. The New Paltz Dining management team appreciates your understanding while we work diligently behind the scenes with our suppliers and HR department to mitigate and eventually ease these shortages and delays. **If you have any questions or concerns, please text HUNGRYHAWKS to 82257.**
