- Donation story > food waste donated to FeedHV

Special Events

- St. Patrick's Day

Discussion / Open & Closed Issues

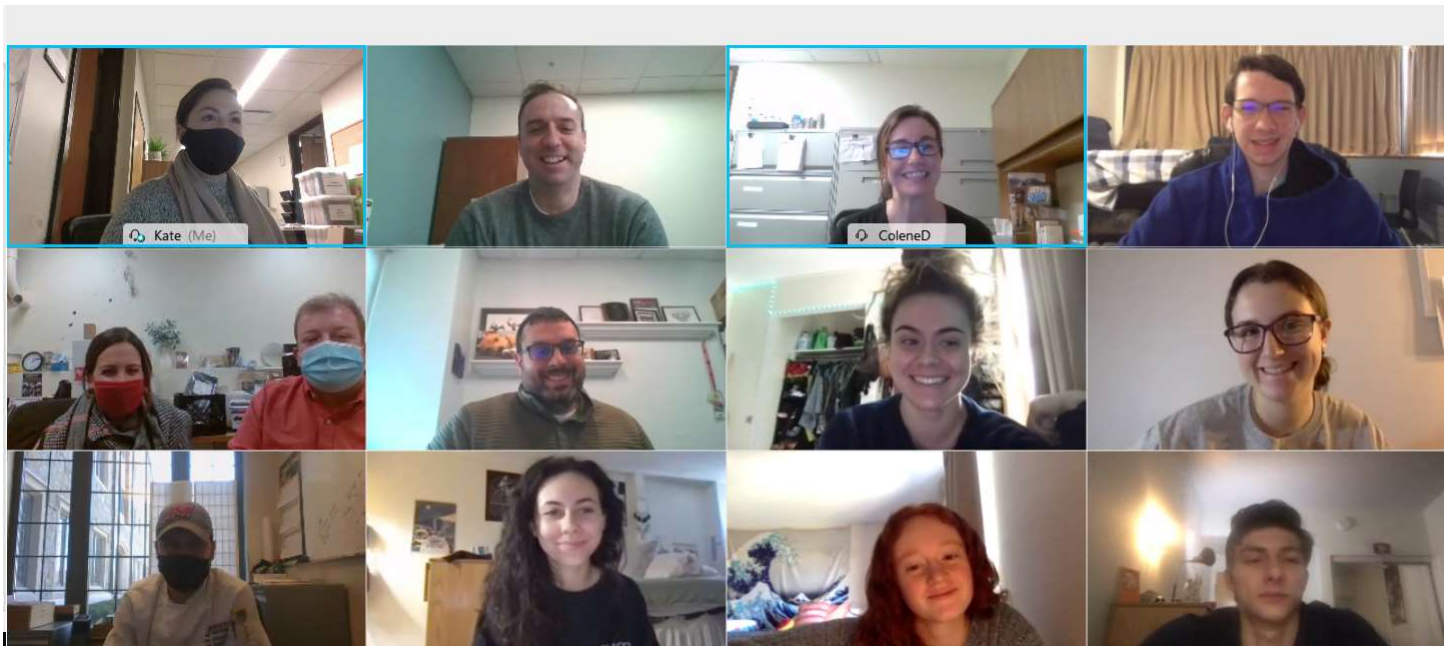

Additional Notes:

- Dining Services information as it pertains to precautionary quarantine
- Grubhub statistics
- Grocery2Go – any suggestions? None at this time
- DiningHall2Go – any suggestions? Perhaps cartons of milk

- Vinny – perhaps do an SGA poll on things they would like to see
- Edison – is it possible for students in Talmadge / Conklin to order from NE, etc.
 - Colene – quarantine & talmadge orders go to our main kitchen. In addition, delivery through Grubhub must stay on campus. Q&I orders are delivered by managers in cars. we don't have the bandwidth to expand beyond that currently.
- Edison – special diet students? how are they accommodated while in quarantine?
 - Colene – yes, they are accommodated they order through the special diet order form
- Vinny – Red Fox favs catering – said they were unable to get hot food, but now they can. just clarifying.
 - JD – yes they can get hot food, but it is somewhat restrictive at this time
- Victoria – pizza rolls at North End – ordered and never received a sauce with it,
 - for the dining hall, 3 meals you can get a lot of the time a spicy, hard when all of the options are spicy

- Kate – we try to offer students who dine at Simple Servings, the same or similar items to Homestyle so they still feel included in the dining experience
- Colene - we can take look into this
- Katie – SAC meeting, there were a lot of other updates to go over that there weren't many food concerns at the moment – will ask at the next meeting. there has been such an improvement to quarantine, thank you to the dining services for taking care of the students in quarantine
- MacKenzie – question - is there a way if they can get beverages a la carte – for example, add milk?, the GH app tends to crash or have errors
 - Kate: yes, the Grubhub app did crash a couple of weeks ago nationwide. So it is important for students to stay tuned to @MaristEats IG stories for important updates. Students are able to troubleshoot their Grubhub app issues by visiting the Grubhub page on our website MaristDining.com
- Vinny – statistics – IG Q&A session – how did it go?
 - Kate – the class of 2024 will be able to provide those analytics, but it looks like over 100 views.
- Edison – if students had recommendation for food options in Quarantine & Isolation?
 - Colene - Contact Executive Chef Jon Bohn
- Matt – been at Marist for 2.5 years, thank you so much, great job to the dining services on the pivot to grab & go
- Joe – good feedback about U Pick, will explore Red Fox Favs menu to provide to the RDs for possible programming
- Colene – props to Jon Dorin, Jon Bohn, production team for all of their hard work on quarantine meals
