Voice (703) 993-2870

Email: masonid@gmu.edu

Dear Student,

In an effort to effectively respond to student religious/lifestyle requests for meal plan modifications and accommodations, George Mason University has created the Meal Plan Committee. Each request will be handled on a case-by-case basis and is reviewed by the Meal Plan Committee where the Campus Dietitian consults with the Mason Card Office, and Dining. Any documentation submitted to support a request should be from an affiliated place of worship as it relates to a meal plan modification or accommodation requested. The Meal Plan Committee will discuss reasonable modifications or accommodations based on student self-report, and documentation.

Mason reserves the right to request additional documentation if the information submitted does not substantiate a need for modifications or accommodations. The Meal Plan Committee will make a determination following the review of student requests. The Mason Card Office will contact students directly via Mason email account to communicate that determination.

There are two parts to the meal plan accommodation process:

Part 1: Completion and submission of this application.

Part 2: Meet with the Campus Dietitian. The Campus Dietitian will work through individual situation/concerns to determine if/how the university can accommodate the student in the dining halls.

Once both parts have been completed and the Meal Plan Committee has reviewed the request, The Mason Card Office will communicate the outcome of the request via Mason email. The Completed by Student section of this form will be shared with Campus Dining, the Campus Dietitian, and the Mason Card Office.

To begin the process, please complete the attached form and return it to the Campus Dietitian using the contact information below at your earliest convenience. Questions about the meal plan accommodation process may be directed to The Mason Card Office at masonid@gmu.edu or the Campus Dietitian at taylor.wilson2@sodexo.com

Additional Information

University Policy and Meal Plan Options

University policy requires that students living on campus in housing without a full kitchen in their room have a residential meal plan. Students living in a residential space with a full kitchen in their room are not required to have a residential meal plan.

Meal plan requirements/options are as follows:

Independence Meal Plan

- Freshmen – having earned less than 30 credit hours
- Sophomore – having earned between 30 and 59 credit hours

Liberty 9 | Liberty 14 | Independence

- Junior – earned between 60 and 89 credit hours
- Senior – having earned 90 credit hours

RAs – must select Liberty 14 or Independence per contract

- All receive \$1,000 meal plan discount
- Discount will be forfeited should meal plan exemption be granted
- The discount cannot be applied towards Freedom or Bonus funds
- Discount cannot be greater than the base meal plan price
