- Family Weekend: September 27, 28, 29

Discussion / Open & Closed Issues

Student Feedback:

from Joseph, President SGA:

- Marketplace: can we bring back sliders and quesadillas? Also, the Marketplace appears to be closing down at 9:30pm but it is being advertised as open until 10:00pm.
 - o Steve, Associate Dean of Student Affairs – we will look into it. It should not be closing at 9:30pm
 - o Colene, General Manager – absolutely agreed. We will also speak to our retail manager regarding the sliders and quesadillas
 - o Kate, Marketing Specialist – we can absolutely look into bringing back quesadillas and sliders. the reason why we took them off the menu was because students had complained during the previous year that the menu hadn't changed. they were disappointed. to provide more variety to the student body, we revamped the whole menu. we tried to make it more distinct from the cabaret menu because we don't want every retail location to offer the same thing. but we will still look into it for you.

from Gabi, Student Athlete Rep and from Abby, Athletic Faculty Rep:

- the dining hall hours change has been difficult on student athletes who have class or practice past 8pm
 - o Steve: we don't want our first year athletes to suffer due to the hours change. it is likely a small number that we will need to accommodate. can you please provide us a list of athletes who are affected?
 - Abby: yes we will send you a list. it seems to effect first year student on the mens lacrosse team because they have practice until 9pm due to field reservation times.
 - Colene: we will find a solution to take care of them by Monday

from Jay, SGA rep:

- some students are having difficulty understanding the rotating menus changing at North End Dining. I do my best to explain but perhaps there could be more advertising to help student understand
 - o Kate: thank you for the feedback Jay, we will do a teaser on the new menu – no problem
