# Treat Yourself to Tasty Grubhub: online ordering is welcomed to campus.

**Moscow, Idaho.** - On June 15, Vandals Dining at the University of Idaho will launch Grubhub - an enhanced online food ordering app, to celebrate the reopening of Einstein Bros Bagels. Grubhub will offer expedited pickup service from Einsteins during the summer and expand to most campus retail locations in the fall.

This exciting offering is being integrated at the University of Idaho not only to cater to an increasingly tech savvy, on-the-go market, while practicing important COVID-19 precautions by offering guests a contactless, satisfying ordering option.

Retail Operations Manager, Ryan Robinson, is enthusiastic about the new initiative. "In the wake of COVID-19, it is imperative we not only keep our guest's safety top of mind, but provide enhanced and expedient service. Grubhub is a wonderful outlet for this initiative and as a team, we are excited to offer superior service to our guests."

Upon reopening, Einsteins will offer a limited menu of their most sought after items for both breakfast and lunch. Hours of operation will be 7:30am - 2pm Monday through Friday through the end of the summer session.

Vandals Dining is dedicated to providing preeminent dining experiences to all guests and as a whole will continue to strive for next-level service opportunities while offering delicious meals.
